

I'm not robot!

The Sixth Form Curriculum at CHS offers: A free choice of all of the subjects on offer (GCSE grades permitting); we don't limit subject combinations and we build the timetable around student choices, rather than forcing them to work within a constrained selection of subjects; The choice of studying three subjects or four and, for those who only want to study three, access a range of exciting 'Plus 1' alternatives that will build their portfolio of skills; making our students more attractive to universities and employers alike; An enrichment programme that is tailored to specific career ambitions and in which, if you don't like the options available, you can design your own personal programme; A selection of Pathways through the Sixth Form that will combine subject choices, 'Plus 1' options, enrichment and co-curricular activities into a coherent whole that maximises each student's career opportunities after CHS. The Pathways available include, Arts, STEM, Enterprise, Medical Science, Sports, Enterprise & Finance and Modern Languages, with more in the pipeline. Each specialised 'pathway' will be overseen by a specific teacher, who will ensure that the components work effectively together and monitor student participation and feedback. Each student's enrichment programme will be designed specifically to meet their needs. We have also involved parents and Old Waconians in planning, delivery and monitoring; thereby creating a 'team' who will be actively engaging with the students and ensuring that the activities meet their needs. We do not expect that all students will be on a specific pathway and many may continue to be on the Social Sciences and Humanities Pathway which keeps their options open. The application for financial assistance is separate to, but runs alongside the application to join the school and registration for the entrance exam, and has the same deadline as the main application process each year. Full details of how to apply and guidance notes can be found here. The Financial Assistance application form should be completed in full and returned to the Finance Office with full supporting documentation on or before the deadline. If you require any assistance completing the form, please contact the Finance Team [finance@chschoo.co.uk](mailto:finance@chschoo.co.uk) / 0161 488 3340. Applications are fully assessed and awards are offered following the entrance exam in January and subsequent interviews. Depending on your award, you may be entitled to a financial contribution by the school towards uniform and your digital device. As a guide, if your household income is below £90,000 and your total family assets are £450,000 or less, you may be eligible for an award. If you receive an award, the level of support is assessed each year and is based on the detailed financial information provided. Any applications received after the deadline may not be considered.
