The classic Diamond Rush for Android is again published a nice and simple game that offers users a fairly pleasant experience with art. All you have to do is download the APK file and solve colored puzzles. Increase your inner artist! Paint every part of the space in color color - this is a wonderful game in which you only have to change the color of the image with a drop. In fact, each color should be placed in the specified passage one by one. A simple but difficult game is a head that is run with the head! All you have to do is touch the color and place in an empty place. At first the levels are fundamental, and you can only solve them with the help of several movements, but if you move, everything will be more complicated. In addition to collecting various colors, you can also unlock new tools to absorb color. All of them have the same properties, so this is just an aesthetic addition, but it is interesting to collect. The structures are as simple as possible and the effects of a moving color are very cool. However, there is not enough music and great advertising, which is not unusualGame Guy.
