Designed for teachers and professors who need to create great school presentations in minutes to engage and delight their students. Improve your lessons with these themes to make learning dynamic and attractive. And remember that all of these easy-to-edit templates are 100% free both for personal or commercial use. This template mimics a composition notebook, and your presentation content can be placed on the ruled pages. Use this theme to talk about education, writing or to present the exercises to your students in an original and funny way. Teach your next lesson and engage your students from minute one with this fun template. This design features geometric characters with a doodle style over a blackboard background. This theme is great for a lesson on geometry, but the truth is that these chalk chaps could present any topic. Do you need to make a presentation that deviates from the standards? Then choose this cute free template. The confetti background with pastel colors gives it a friendly and adorable touch. This theme is a great choice if you are presenting to a child audience, but it also serves to liven up a baby shower or send your baby's photos to the family. Put together an educational presentation in minutes with this easily customizable theme. With its hand drawn school icons and bright colors it will keep the kids attention in your lesson. Use this template in your next class or if you have to make a presentation on education. This template has a jolly, bold and lively design. It's a great option to enliven the audience and convey a positive and cheerful message in your presentation. This template shows a playful line of rainbow colours in every slide. With its original look and colors is perfect for talking about LGBTI, creativity, art or music festivals. Light bulbs are commonly used as a metaphor for creativity, innovation and ideas, but they are also often seen when we talk about energy consumption. Let these fun light bulb illustrations support your content and have an awesome PowerPoint or Google Slides ready in minutes. Bring a smile to your audience's face with this fun template. Give a fresh and original touch to your next deck with this rockets taking off design. Rockets are a metaphor often used for innovation, startups and business growth. If you like to be original and surprise your audience have a look to this template. 3D illustrations are all the rage right now and this design makes the most of them to make your content shine. A style that fits very well with the innovation of startups but will also make any lesson delightful. Are you going to give a presentation about building things, engineering or programming? This template uses a blueprint style and a monospaced font to emulate the technical drawings used in construction and industry. The illustrated background of this free presentation template will make your content stand out from the crowd. By changing the single accent color you can adapt it to your brand needs. Great for technology, entrepreneurship or design conferences. This artsy template uses watercolor textures to create bold and vivid slides. This design with very bright colors will engage the audience no matter their age, you can use it to present creative or diy projects. If you want to capture the attention of your audience from minute one this is the template you are looking for. Choose from different colorful layouts and robot illustrations to make each slide unique and leave no room for boredom. Download this template now if you want to present your lessons in a fun way or give an unconventional talk on technology or science. Put together a creative presentation in minutes with this customizable template. There's an increasing trend of using visual techniques to better convey concepts, so this design mimics the kind of doodles you would draw on a whiteboard. Use this multi-purpose theme for your next lesson, to present a marketing project or to run a co-creation workshop in your company. It will make any kind of content shine! Add some delight to your presentations with this beautifully illustrated free template. Let these kids discovering the magic of reading accompany your content to surprise your audience. This theme is great for presentations related to libraries and reading, but also for any topic you can learn from books: history, art, literature, etc. Ads Ads We assure you that you will not find a better template for your university class presentation on Indonesian cultural studies. Designed with beautiful pastel colors, it contains the necessary structure for you to introduce the topic, explain the learning outcomes and the main areas of interest. Personalize resources such as... Bonjour! Guten Tag! Did you understand what have we just said? If that's the case, then perhaps you like foreign languages. This new template by Slidesgo is perfect for newsletters of an academy or a language school, so let's get to work! Andiamo! Freemium A4 16:9 Use an online notebook to prepare your classes, it doesn't matter if you are a teacher of a student! In Slidesgo we have just created the perfect template for you. If you want to motivate your elementary school students in your math classes about measurements, don't miss this geometric style template. Its white background and sans serif typography make the information easily readable. Plus, we've added geometric elements in bold colors to make grabbing your students' attention a breeze. Explaining... There's an increasing trend in education regarding visual techniques to help students learn concepts, and it's called sketchnotes. This free presentation template focuses on this design, so you can turn a lesson into an easy teaching experience. After four hard years of studying, all-nighters, lots of group projects and hard work, your degree is almost over! There's only one thing left for you to do: your bachelor thesis. With this creative design with a Memphis decoration, your defense will be clear, easy and visual. Edit the resources in... Did you know that, when you're working with shapes in Illustrator (or in Google Slides!), every time you reflect or resize them, you're applying what's known in math as transformations? As a teacher, you can start your lesson with this anecdote as you show a presentation created out of this... There's an object that comes to mind when you think of a classroom. What's in there, other than the students, the teacher and the desks? A chalkboard! The design of our new template focuses on this! Since today is Teachers' Day in Spain, we're sure you're going to love it! Premium Unlock this template and gain unlimited access Don't let your mind go blank when preparing your lessons! Use this modern and creative template to enhance your creativity and enjoy the process of learning and teaching! Premium Unlock this template and gain unlimited access Do you like to teach?
